

# THE REVERBERY

## EMERGENCY KIT | *guest*

From lighting to lounging, The Reverbery's is oh-so-cooly you. You've got the space you need to have a rock solid event. But where there's wine, there can be stains (and headaches!). Where there's food, a cry for floss (and breath mints). By carrying a case of necessities (and some luxuries), you can alleviate any emergency situations that might arise on the big day, so guests won't skip a beat.
