

# THE REVERBERY

## wedding event | PHOTOGRAPHY CHECKLIST

With sleek, chic mid-century modern furniture, effortlessly cool industrial architecture, and an outdoor patio overlooking Brush Park, The Reverbery offers the perfect backdrop for wedding photos.

While your photographer will capture your big day's most important moments, you may want to consider requesting specific angles, shots, and individual elements from your wedding. We've gotten you started with a list of those we think you'll be glad to have later.
